Master, Engineering

**Novosibirsk, Russia**  
2009 - 2014

## WORK EXPERIENCE

### Frontend Developer

Hirschtec GmbH & Co. KG

**Mar 2023 - Present (+2 years)**

Remote

- Spearheaded the development of happycrm.de, enhancing CRM functionalities and user engagement by 10%, by integrating advanced JavaScript and TypeScript solutions.
- Collaborated in a team to innovate company product offerings, leading to a 15% increase in product usability and customer satisfaction through strategic UI/UX design enhancements.
- Designed and deployed a proprietary library of product interface components, resulting in a 12% reduction in frontend development time by leveraging React expertise.

### Frontend Developer

Timeweb

**Feb 2023 - Apr 2023 (3 months)**

Remote

- Led a comprehensive overhaul of the legacy codebase, transitioning to cutting-edge technologies, which catalyzed a 9% surge in website conversion rates.
- Championed ongoing A/B testing initiatives, optimizing user experience and facilitating data-driven decisions, resulting in a 7% uplift in user engagement.
- Fostered collaboration with UX/UI designers to revamp the user interface, significantly elevating user satisfaction and engagement by 14%.

### Frontend Developer

ATI.SU

**Mar 2022 - Feb 2023 (1 year)**

Saint-Petersburg

- Spearheaded the launch of 5+ internal services across 3 departments, enhancing operational efficiency by automating inspections using RESTful API services and webjobs, directly aligning with the need for technical proficiency in JavaScript and TypeScript.
- Collaborated with product team members on new feature developments, demonstrating strong teamwork and communication skills, essential for Agile environments.
- Adapted project outputs to meet changing business deadlines, showcasing flexibility and a commitment to meeting project goals within the Sprint timeline, reflecting an Agile methodology mindset.

### Fullstack Developer

Freelance

**Jul 2019 – Mar 2022 (2years 8 months)**

Saint-Petersburg

- Launched diverse web solutions, including websites and mobile applications, from inception to deployment, enhancing digital presence and user accessibility by adopting a pioneering mobile-first strategy.
- Revolutionized output standardization through the implementation of a responsive, mobile-first design philosophy, resulting in a 20% surge in mobile traffic by optimizing user experience across devices.
- Conducted meticulous assessments of UX and UI designs for technical viability, ensuring seamless integration and functionality that aligns with strategic business goals
